Bine ați venit,

A sosit timpul ca Terapia ocupațională să arate că există și în ROMÂNIA.

Asemenea unui copil care vrea să arate părinților cât este de mare, cât de îndrăzneț și cât de mult știe să facă, vrem să arătăm și noi că am început să creștem, că învățăm să îndepărțăm bariere, care par pentru alții, adevărate ziduri.

Mai avem puțin și împlinim 10 ani. Pas cu pas, construim învățământul superior de specialitate, atenții la realitățile românești și ghidați de părinții noștri europeni, ENOTHE (European Network of Occupational Therapy Higher Education).

Țesem aripile unei profesii folosind modele tradiționale românești... dar, sub ochii unui mentor exigent și vestic, WFOT (World Federation of Occupational Therapist).

Vă așteptăm cu nerăbdare și cu mare drag în casa noastră, la Universitatea "Vasile Alecsandri" din Bacău, *casa copilăriei terapiei ocupaționale din România!*

Părinții și mentorul nostru vor fi aici, alături de noi și de oaspeți de seamă din țară și din zonă!

Este timpul să cunoașteți și această istorie, dar, îndeosebi, ce poate atinge terapia ocupațională cu aripile ei....

Comitetul de organizare

Welcome,

Time has come to show that Occupational Therapy truly exists in ROMANIA.

Like a child who wants to show his parents how great, how bold and how much he can do, we also want to show we have begun to grow, to learn to remove barriers, which seem to others, unimaginable walls.

We are getting closer to our 10th anniversary, and step by step, we built and still are building higher education, being mindful of Romanian realities and guided by our European parents, **ENOTHE** (European Network of Occupational Therapy Higher Education).

We wove the wings of a profession using traditional Romanian models ... but, under the eyes of a demanding and well-known mentor, **WFOT** (World Federation of Occupational Therapist).

We look forward to seeing you at our home, at the "**Vasile Alecsandri**" University of Bacau, *the home of OT's childhood in Romania!*

Our parents and mentor will be here, along with us and the outstanding guests from all the corners of Romania!

It is time to know this history, but especially what can be achieved by the occupational therapy's touch of wings....
